Writing Addition Number Sentences

Section A

1) Write an addition number sentence for each picture.

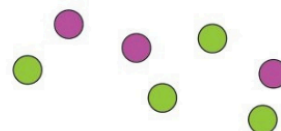

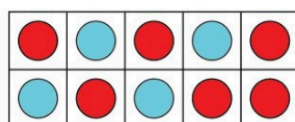

$\square + \square = \square$	$\square = \square + \square$
$\square + \square = \square$	$\square = \square + \square$

2) A student has written a number sentence for the picture. Can you find another one?

 $5 + 2 = 7$

3) Match each picture to the correct number sentence.

Be careful, one number sentence does not match up to a picture.

$3 + 6 = 9$

$3 + 4 = 7$

$7 + 3 = 4$

$3 + 6 = 9$

Section B

Write a number sentence for each model. Complete the model where necessary.

$\square = \square + \square$	$\square = \square + \square$
